Project Name	Smart Library
Maximum Marks	2 Marks

Project Overview

Project Name: Smart Library Management System

Project Description:
This project is a web-based application designed to manage library operations efficiently. It includes features such as user registration, login, book management, issue and return tracking, and report generation.

Project Version: 1.0
Testing Period: 18 February 2025 to 21 February 2025

Testing Scope

The following features and functionalities were tested:

- **User Registration and Login**
- **Book Management (Add, Update, Delete)**
- **Book Issue and Return Tracking**
- **Report Generation**
- **Dashboard View**

The following user requirements were tested:

- **Secure authentication system**
- **Accurate book data storage and retrieval**
- **Fast system response**
- **User-friendly interface**

Testing Environment

URL/Location: http://localhost:3000 (or your project link)

Credentials (if required):
Username: admin@example.com
Password: 123456

Test Cases

TC-001: User Registration
Test Steps:
Step 1: Open registration page
Step 2: Enter valid user details
Step 3: Click register
Expected Result: User should be registered successfully
Actual Result: User registered successfully
Result: Pass

TC-002: User Login
Test Steps:
Step 1: Enter valid email and password
Step 2: Click login
Expected Result: User should be logged in and redirected to dashboard
Actual Result: Login successful and dashboard displayed
Result: Pass

TC-003: Add Book
Test Steps:
Step 1: Navigate to books section
Step 2: Enter book details
Step 3: Click save
Expected Result: Book record should be added
Actual Result: Book added successfully
Result: Pass

TC-004: Issue Book
Test Steps:
Step 1: Select a book
Step 2: Assign to a user
Step 3: Click issue
Expected Result: Book should be issued successfully
Actual Result: Book issued successfully
Result: Pass

TC-005: Return Book
Test Steps:

Step 1: Select issued book
Step 2: Click return
Expected Result: Book should be returned and marked available
Actual Result: Book returned successfully
Result: Pass

Bug Tracking

BG-001
Bug Description: Minor UI alignment issue in dashboard
Steps to Reproduce:
Step 1: Login to system
Step 2: Open dashboard
Step 3: Observe layout issue
Severity: Low
Status: Closed
Additional Feedback: UI improved after fixing alignment

BG-002
Bug Description: Error message not shown for invalid login
Steps to Reproduce:
Step 1: Enter wrong credentials
Step 2: Click login
Severity: Medium
Status: Closed
Additional Feedback: Proper validation message added
